

Road Project in Tuscawilla Hills **August 28th – September 8th**

Beginning August 28th through September 8th, Asphalt Solutions will be working on several projects in Tuscawilla Hills. Sealcoating along Tuscawilla Dr, restriping 4 parking spaces at the Tuscawilla Dr postal station, repairing cracks along Tuscawilla Dr that are needed, and resurfacing Tall Oak Court.

Once the resealing is completed, they will repaint the stop bars and all speed bumps. One side of the street will be completed before moving to the opposite side of the street so that the street will **not be closed** and will always remain open. This process will continue daily as they complete sections of Tuscawilla Dr. until the projects are completed. The projects are slated to be completed no later than September 8th.

What to expect while road work is being conducted:

- Flagger on each end of the road to direct traffic
- Cones blocking the sides of the road they are working on
- We ask that you please proceed with caution
- Be aware of all workers and equipment present while work is being completed.

Should you have any questions please reach out to Angela Suddueth by email at: angela.suddueth@pmpbbiz.com. The HOA Board of Directors would like to thank each homeowner in advance for your cooperation and understanding while this work is being completed.
